

Twenty-Fourth Annual Summer Institute (Virtual Institute)

The Silicon Valley Mathematics Initiative is sponsoring its Twenty-Fourth annual Summer Institute. The goal of the 2023 Summer Institute is to support teacher leaders with taking real-world situations into the classroom; having their students mathematize them; & make generalizations, create convincing arguments, and/or to analyze their findings.

The Summer Institute is for teams of teachers and leaders to come together to establish a learning community relationship, to improve their own math content, and plan for the school year. The expectation for participating coaches, site leaders, and teachers include:

- The participants are employees of a SVMI member institution for 2023-2024
- Attend the three 3.5-hour virtual sessions during the summer of 2023

The Summer Institute will be held from July 18– 20, 2023 from 9:00 am to 12:30 pm.

- We'll divide ourselves into 5 strands by grade-level span:
 - TK - Grade 1;
 - Grade 2 – 3;
 - Grade 4 – 5;
 - Middle School; or
 - High School.
- Topics will include how to support Data Science across grade levels, Math Talks, utilizing MAC/MARS tasks, engaging in problem solving with Problems of the Month (POMS), creating re-engagement lessons, and maximizing virtual tools, and making connections to the new California Mathematics Framework.
- Admin Session on Wednesday, July 19, 2023 (email Cindy@svmimac.org to register admins).

Scholarships are available to 2023-2024 SVMI member institutions based on membership rates. Stipends will not be provided. **Participant Enrollment Fee:** Once the scholarships have been utilized, the district agrees to enroll the following participants and pay an enrollment fee of \$250 per participant. The district will be invoiced for the fee. By submitting this registration form on behalf of your school system, you commit to continuing SVMI membership into the 2023-2024 academic school year.

- **20 scholarships** → Greater than 100,000 students: \$33,500 annual fee
- **12 scholarships** → 40,000 – 99,999 students: \$13,500 annual fee
- **6 scholarships** → 1,500 – 39,999 students: \$6,750 annual fee
- **5 scholarships** → 1,200 – 1,499 students: \$4,000 annual fee
- **4 scholarships** → 500 – 1,199 students: \$3,350 annual fee
- **3 scholarships** → 250 – 499 students: \$2,700 annual fee
- **2 scholarships** → Less than 250 students: \$1,350 annual fee

Applications for the Summer Institute are accessible via the website www.svmimac.org or by contacting Cindy Chin by phone (408) 776-1645 or email cindy@svmimac.org. Please submit applications to Cindy by **June 16, 2023**.

The district agrees to all the terms in the Summer Institute Guidelines 2023. This includes SVMII district membership in SVMII for the 2023-2024 school year and paying the annual membership dues. In addition, the district is encouraged to provide release time for all participants to attend the five SVMII P.D. Fall/Winter sessions during the 2023-2024 school year.

District Representative: _____ Date: _____
