

Twenty-Fourth Annual In-Person Summer Institute

The Silicon Valley Mathematics Initiative is sponsoring its Twenty-Fourth annual In-Person Summer Institute. We will focus on supporting data science across grade levels and courses. The goal of the 2023 Summer Institute is to support teacher leaders with taking real-world situations into the classroom; having their students mathematize them; & make generalizations, create convincing arguments, and/or to analyze their findings; all anchored in the Teaching for Robust Understanding of Mathematics (TRU Math) Framework, specifically equitable access, and making connections to the new California Mathematics Framework.

The Summer Institute is for teams of teachers and leaders to come together to establish a learning community relationship, to improve their own math content, and plan for the school year. The expectation for participating coaches, site leaders, and teachers include:

- The participants are employees of a SVMI member institution for 2023-2024
- Attend 3 days of professional development during the summer of 2023

The Summer Institute will be held in Northern California during the summer of 2023:

- Tuesday, July 25, through Thursday, July 27, 2023
 - Location: Joe Michell TK-8 School, 1001 Elaine Avenue, Livermore, CA 94550
 - Each day will begin at 8:30 with refreshment available at 8:00 a.m., include a provided lunch, and will end at 3:00 p.m.
 - Administrator Session on Wednesday, July 26th from 8:00 a.m. to noon.

Participants will be able to select one grade-level span (TK-2, 3-5, Middle School, or High School) in addition to attending the whole-group session. This institute will also offer 1 half-day Administrator Session. If a member institution is sending at least 4 participants, administrators of the institution may attend the Administrators Session at no charge. Otherwise, the enrollment fee is \$100 per administrator.

The enrollment fee of the Summer Institute is \$975 per participant. Each participant will receive a stipend of \$375 for the three-day institute. A member institution will receive **one scholarship** for every **ten participants** registered and enrolled in the In-Person Summer Institute.

Applications for the Summer Institute are accessible via the website www.svmimac.org or by contacting Cindy Chin, Silicon Valley Mathematics Initiative by phone (408) 776-1645 or email cindy@svmimac.org. Please submit applications by **June 2, 2023**.

Administrators

Administrators will have the opportunity to experience and learn about the content being developed with teachers attending the Summer Institute and methods of supporting teachers' implementation of these concepts at school sites throughout the school year.

The district agrees to all the terms in the In-Person Summer Institute Guidelines 2023. This includes SVMI district membership in SVMI for the 2023-2024 school year and paying the annual membership dues. In addition, the district is encouraged to provide release time for all participants to attend the five SVMI P.D. Fall/Winter sessions during the 2023-2024 school year.
